Executive Summary	iii
Introduction	1
Factors Contributing to Structural Change	1
Implications of Structural Change	2
A Roadmap	3
Background	5
Structural Change	5
Public Policy Concerns: Market Conduct	6
Public Policy Concerns: The Environment	7
Indicators of Structural Change	8
Organizational Innovation	8
Technological Innovation	10
Factors Contributing to Structural Change	11
Variation in Production Costs	11
Structural Characteristics by Cost Group	11
Performance by Cost Group	13
Economies of Size	14
Structural Characteristics by Size Group	16
Performance by Size Group	16
Regional Diversity	19
Structural Characteristics by Region	20
Performance Characteristics by Region	22
Contract Production	25
Structural Characteristics by Business Arrangement	25
Performance by Business Arrangement	27
Contract Arrangements for Finishing Hogs	28
Implications of Structural Change	30
Contract Production and Industry Productivity	30
Potential Impacts of Contracting on Productivity	30
Findings: Contracting and Productivity	31
The Costs and Returns to Contracting	32
Distribution of Contracting Costs and Returns	32
Findings: Returns to Contracting	32
Manure Management and the Environment	34
Manure Management Technologies	36
Manure Application and Crop Production	37
Paying for Manure Management	39
Findings: Industry Structure and Manure Management	40
Glossary	43
References	45
Appendix I: Measuring Hog Production Costs	49
Appendix II: Modeling the Impact of Contract Production on Productivity	51
Appendix III: Modeling the Returns to Contract Production	57
